

## 2018 Blue Ridge Highlands Science Fair Sponsorship

Your donation is critical to continue to provide support for the Science Fair. Former students come back to tell us that their prize inspired a lifetime of achievement. By making this donation, you become a part of their future.

We now offer four levels of sponsorship in addition to the ongoing opportunity to make a simple donation to support this important activity for our youth. All donations will be recognized in the program book, at the fair, and on the website.
