

## **Other Review Committees**

Certain areas of research conducted in a Regulated Research Institution require review and approval by federally mandated committees that have been established at that institution. These committees include:

- a. Institutional Animal Care and Use Committee (IACUC); Animal Care and Use Committee (ACUC); Animal Ethics Committee
- b. Institutional Review Board (IRB)  
Human Subjects Research Board (HSRB)
- c. Institutional Biosafety Committee (IBC)
- d. Embryonic Stem Cell Research Oversight Committee
